# What style of yoga is for you ...

## On-going Classes

**Foundation** – a one-off class that provides a practical & theoretical understanding of the principles of yoga. Our senior teacher will assess student's individual needs & help decide on classes most suitable. We recommend all beginners attend this class, preferably as their first. Bookings essential.

**Beginners General** – focuses on key postures, sequences & pranayama (breathing) practices that feature in our stronger classes. Students develop correct technique & alignment specific to individual needs for an empowering, safe & lasting practice. Beginners run on a 4-week consecutive cycle. If you attend four consecutive weeks you will feel equipped to move into a General class.

**General** – a classical yoga class, typical of the Vitality style & our most popular. General classes are a beautiful balance between movement, pranayama (breathing), relaxation & meditation.

**Gentle Core** – for students who require a gentler yoga practice; incorporating all the usual elements of yoga but with easier, slower transitions. Gentle Core offers extensive modifications to suit a range of ailments & levels. Gentle Core is suitable for beginner students & pregnant women.

**Gentle Yoga & Meditation** – a Gentle class with strong emphasis on developing mindfulness within postures; concluding with a seated or lying meditation.

**Flow (Vinyasa)** – a fun, dynamic paced class where sequences of yoga postures are synchronised with the breath to create a flowing practice.

**Yin Yoga** – focuses on holding stretching postures for extended periods, allowing quieter moments for stillness & reflection. A wonderful recovery class for athletes.

**Cosy Yin** – studio is heated to approx. 28 degrees.

**Bikram** – a specific series of yoga postures to heat & detoxify the body. Our state of the art infrared heating panels heat the room to approximately 38 degrees.

**Yoga Strong** – a combination of yoga, Pilates & conventional

exercise techniques & based in solid anatomical understanding, yoga strong will make you stronger.

**Prenatal Yoga** – develops strength & maintains flexibility & comfort through pregnancy. Expectant mothers gain invaluable tried & tested tools for labour & motherhood. Suitable from 10 weeks to birth.

## Term Classes

**Fit Yoga** – a combination of yoga, Pilates & conventional approach to exercise, fit yoga is designed to strengthen & tone, particularly the core, legs and shoulders. Students commit to 2 classes per week for a 10 week term, which enables students to progressively build their practice & explore more challenging yoga postures safely.

**Mums & Bubs Yoga** – specifically designed to strengthen & stabilise the postnatal body. Babies welcome to attend from 5 weeks up until they are mobile.

**Toddlers & Parents Yoga** – a yoga class for adults where toddlers & preschoolers can practice alongside, or play with fellow little yogis. Adults learn the skill to create internal calm with their little ones; children are introduced to valuable skills of yoga, planting a seed for life.

**Kids Yoga** – develops confidence, learning abilities, coping skills, lowers stress levels, & increases balance & co-ordination. Suitable for primary school age children. Classes run for 50 minutes.

**Meditation** – learn tried & tested mindfulness techniques which form the basis for a consistent meditation practice. Beginners & experienced mediators looking for a new approach are welcome.

**Yoga for recovery from cancer treatment** – a gentle class designed to build core strength, improve mobility & develop stability while learning mindfulness techniques to reduce anxiety, manage pain & build inner calm.
